Subject: FW: Proposed \$100/day Fine

To Whom It May Concern:

This letter is to express our disagreement with the proposed fine of \$100/day for Credit Union's that don't quickly display a new NCUSIF logo. We have a significant amount of marketing materials with the current logo/language that would cost thousands of dollars to replace. Brochures, forms, in-branch signage, advertisements, etc. would all have to be changed and the time and money to do this is incredible. Please reconsider this proposal as I am assuming it would put other credit unions in a similar bind economically.

Best regards,
Lori Crowley
